# INTRODUCING APSGN MUN CLUB

In this era of globalization, learning about the world is more important than ever. No matter what field or profession students enter, they will interact with people from different countries and diverse backgrounds. Problems taking place halfway around the globe impact our lives, our country, and our communities. Hence, we at Aster Public School believe in creating an enlightened school community of critical thinkers, collaborative lifelong learners and empathetic human beings who are responsible citizens dedicated to the common good of the world.

MUN has always been an activity that creates well rounded individuals out of its participants. From international politics, to basic courtesy, quick thinking and problem solving, it truly teaches it all. Such platforms also prepare students for the real world by helping them shape opinions and bring them into their own not just as children, but as citizens of the world. As we struggle through the current situation, it has become painfully apparent that the old ways are no longer sufficient- we must adapt, we must evolve, and we must look towards new ways of education, as through this we must also explore ways of learning that are more than just sitting in a classroom- or in the current situation, on our phones- listening to a lecture. Education must become dynamic, not to mention there is so much more to learn than just what we see in our textbooks. Children nowadays must be well aware of the social and political issues which are shaping the world today. At Aster Public School, we are proud to have a strong supportive managing director and forward-thinking leadership who have been a constant source of motivation for APSGN MUN.

We eagerly look forward to intellectually stimulating exchange of ideas and dialogues and making this conference an excellent learning experience and a grand success.

Warm Regards

Ms Veena Mehta

Teacher Incharge

# MESSAGE FROM THE SECRETARIAT

Greetings,

It is our honour to cordially invite you to the first edition of Aster Public School Greater Noida Model United Nations.

“People are afraid of change because they fear the unknown. But the single greatest constant of history is that everything changes.”

Growing up in arguably the most unpredictable and volatile generation of humankind, it is a divine preordained plan of creation that the progeny of 21st century mother earth is destined to be spokes in the ever moving wheel of unceasing growth and progress. While this wheel of time takes it upon itself to fulfil the collective aspirations of human society, it does little in terms of cultivating individual ideas and ambitions. We, at APSGN, believe that these individual ideas form the backbone of innovation and ultimately, societal metamorphosis and thus deserve to be uplifted and heard. We aim to provide you, and your distinctive vision for the world with an exhilarating platform to stimulate the mind. Our constructive forum would not only allow you to have opportunities to learn how the international channels of diplomacy and politics function, but also give you an edge in understanding the talent of standing out, and being visible in the blurry rush of our contemporary world. So, pull up your socks and clear the decks for a Model United Nations experience you will cherish forever!

Regards,

The Secretariat Aster Public School Greater Noida Model United Nations 2023

MR Aditya Raj

MS Shreya Singh

MS Ishika Gupta

# THE COMMITTEE

The following committee will be simulated at APSMUN 2023:

## 1. **THE UNITED NATIONS GENERAL ASSEMBLY (UNGA)**

The United Nations General Assembly, acts as a forum for deliberating upon policy making decisions and is the representative core of the United Nations. Abiding by its 'One Member, One Vote' convention, it is a forum that urges its nations to strengthen multilateral relations, and in the course of their dialogue, prevent and prioritize the conflicts of tomorrow.

**Secretary General: Ms Yashi Singh**

**President: Ms Kritika Naagar**

**Agenda:** Deliberation on international peace and security and human rights crisis.

In this changing world scenario, International peace and security should be the priority of this multilateral world. We could achieve this goal through cooperation on multilateral fora. We at APSMUN 2023 will discuss these barriers and bring resolution through more pragmatic approach.

# MESSAGE FROM THE PRESIDENT

Greetings,

I'm pleased to welcome you to APSMUN as President of the General Assembly of the United Nations.

We'll talk about a variety of world problems that are very important to the international community. Our agenda is broad and ambitious, covering topics like human rights, peace and security, and economic development. You will gain critical thinking, public speaking, and negotiation skills through your participation that will help you in your future academic and professional aspirations.

Let us seize this opportunity to make a meaningful impact on the world and to shape the future together.

Thank You

Kritika Naagar
